PROGRAMME RECOVERY & ACCELERATION SERVICE OVERVIEW

Stabilising delivery, restoring control and accelerating outcomes.

CORE DELIVERY CAPABILITIES

- Rapid assessment of programme health, delivery risks and operational blockers.
- Stabilisation of challenged or stalled delivery environments.
- Reset of delivery strategy, roadmaps and programme priorities.
- Re-engagement of stakeholders and restoration of effective governance and decision-making structures.
- Establishment of accelerated delivery plans and milestone recovery pathways.
- Alignment of delivery outcomes to strategic business objectives and organisational priorities.

WHAT CLIENTS ACHIEVE WITH PROGRAMME RECOVERY & ACCELERATION

- Immediate delivery stabilisation and leadership intervention.
- Restored delivery control and stakeholder confidence across governance and sponsor groups.
- Critical risks, issues and dependencies brought under structured control.
- Clear, accelerated pathway toward priority outcomes and recovery milestones.
- Renewed delivery momentum through restructured plans, governance and execution focus.

PROGRAMME RECOVERY & ACCELERATION DELIVERY APPROACH

We intervene with decisive delivery leadership to identify root causes, restore control and re-align delivery to strategic business objectives.

Our approach includes:

- Conducting rapid delivery health assessments to diagnose root causes and governance weaknesses.
- Resetting delivery plans, governance structures and decision-making frameworks.
- Re-prioritising milestones, dependencies and critical delivery path activities.
- Removing operational delivery blockers and re-engaging senior stakeholders and leadership teams.
- Driving disciplined execution, accelerated recovery activity and renewed delivery accountability.

MOBILISATION & GOVERNANCE SETUP

Recovery begins with rapid mobilisation and decisive governance intervention.

We establish the authority, governance and delivery structure required to restore control and stabilise delivery.

Our mobilisation includes:

- Defining programme objectives, delivery scope and escalation pathways.
- Clarifying leadership accountability, governance roles and decision ownership.
- Re-establishing governance boards, controls and steering discipline.
- Implementing immediate reporting, delivery oversight and risk visibility.
- Creating organisational readiness for accelerated recovery execution.

DELIVERY ASSURANCE & CONTROL

We maintain delivery integrity through continuous assurance, governance oversight and disciplined delivery control, ensuring risks are actively managed and delivery momentum is sustained.

Our assurance approach includes:

- Root-cause analysis and corrective governance intervention.
- Structured milestone reviews, recovery checkpoints and progress validation.
- Independent scrutiny of delivery performance, cost control and benefit trajectory.
- Escalation management to protect delivery focus, governance integrity and recovery momentum.
- Rapid intervention to address emerging and re-emerging delivery risks and issues.

CAPABILITY UPLIFT & LEADERSHIP CONTINUITY

We leave delivery environments stronger than we found them, embedding governance, controls and leadership practices that sustain delivery performance and reduce the risk of regression.

We build capability through:

- Transferring recovery governance structures into sustainable long-term delivery operations.
- Working with delivery leaders to embed risk discipline, decision accountability and governance control.
- Embedding improved planning, reporting and assurance disciplines across delivery activity.
- Reinforcing lessons learned and recovery improvements to reduce recurrence of delivery failure.
- Enabling sustained delivery acceleration beyond the immediate recovery phase.

GOVERNANCE & DECISION OWNERSHIP

Programme Recovery & Acceleration requires senior leadership authority, decisive governance intervention and clear delivery accountability.

We operate within governance structures to restore decision integrity, maintain delivery control and support timely executive decision-making.

We take responsibility for:

- Chairing, supporting or influencing executive, programme and steering forums.
- Aligning recovery decisions to strategic objectives and organisational priorities.
- Driving resolution of delivery risks, dependencies and interrelated delivery issues.
- Providing independent challenge to protect delivery integrity, governance discipline and recovery focus.
- Delivering executive-level reporting and governance insight.

WHY CONFI?

- We lead recovery directly, bringing senior delivery authority, governance control and accountability.
- Proven across complex, high-pressure public sector and regulated delivery environments.
- Trusted to restore delivery control and stakeholder confidence under scrutiny.
- Experienced in politically sensitive, multi-supplier and commercially complex delivery landscapes.
- Focused on measurable recovery outcomes, restoring direction, delivery momentum and strategic alignment.
