PROGRAMME RECOVERY & ACCELERATION SERVICE OVERVIEW

Stabilising delivery, restoring confidence, accelerating outcomes.

CORE DELIVERY CAPABILITIES

- Rapid assessment of programme health, key risks and delivery blockers.
- Stabilisation of failing or stalled delivery environments.
- Reset of strategy, roadmap and delivery priorities.
- Re-engagement of stakeholders and restoration of effective governance structures.
- Establishment of accelerated delivery plans and milestone recovery paths.
- Alignment of delivery outcomes to strategic business objectives.

WHAT CLIENTS ACHIEVE WITH PROGRAMME RECOVERY & ACCELERATION

- Immediate stabilisation and leadership intervention.
- Delivery confidence restored across sponsors and key stakeholders.
- Critical risks, issues and dependencies brought under control.
- Clear, accelerated pathway to priority outcomes.
- Renewed momentum through a restructured delivery roadmap.

PROGRAMME RECOVERY & ACCELERATION DELIVERY APPROACH

We intervene with decisive leadership to identify root causes, restore control and re-align delivery to business objectives.

Our approach includes:

- Conducting a rapid health assessment to diagnose root causes and failure points.
- Resetting delivery plans, governance and decision frameworks.
- Re-prioritising milestones and critical path activities.
- Removing delivery blockers and re-engaging senior leadership teams.
- Driving disciplined progress with renewed pace and accountability.

MOBILISATION & GOVERNANCE SETUP

Recovery starts with rapid mobilisation and a decisive governance reset.

We establish the authority and delivery structure required to regain control.

Our mobilisation includes:

- Defining programme objectives, scope and escalation points.
- Clarifying leadership roles and decision ownership.
- Re-establishing governance boards and steering discipline.
- Implementing immediate reporting and risk visibility.
- Creating readiness for accelerated delivery execution.

DELIVERY ASSURANCE & CONTROL

We maintain delivery integrity through continuous assurance and control, ensuring risks are actively managed and delivery momentum is sustained.

Our assurance approach includes:

- Root-cause analysis and corrective governance implementation.
- Structured milestone reviews and progress validation.
- Independent scrutiny of performance, cost and benefit trajectory.
- Escalation management to protect delivery focus and pace.
- Rapid intervention to address re-emerging risks and issues.

CAPABILITY UPLIFT & LEADERSHIP CONTINUITY

We leave programmes stronger than we found them, embedding structures that prevent regression and sustain delivery performance.

We build capability through:

- Transferring recovery structures into long-term delivery governance.
- Working with delivery leaders to embed risk discipline and decision control.
- Embedding improved planning, reporting and assurance practices.
- Reinforcing lessons learned to prevent recurrence of delivery failure.
- Enabling sustainable acceleration beyond the recovery phase.

GOVERNANCE & DECISION OWNERSHIP

Programme Recovery & Acceleration requires senior authority.

We operate within governance to enforce decisive decision-making and delivery accountability.

We take responsibility for:

- Chairing or influencing executive and steering forums.
- Aligning delivery decisions to strategic objectives.
- Driving resolution of risks and interdependencies.
- Challenging complacency and protecting delivery integrity.
- Providing executive-level transparency and reporting.

WHY CONFI?

- We lead recovery, not support it, bringing full delivery authority.
- Proven in complex, high-pressure public sector and regulated environments.
- Trusted to restore control and stakeholder confidence under scrutiny.
- Experienced in political, multi-supplier and commercially sensitive environments.
- Focused on measurable recovery, resetting direction, regaining pace, and protecting intent.
