P3 GOVERNANCE SERVICE OVERVIEW

Establishing strategic governance, control and decision integrity across portfolios, programmes and projects.

CORE GOVERNANCE CAPABILITIES

- Design and implement scalable P3 governance frameworks across portfolios, programmes and projects.
- Establish proportionate control structures to manage risk, decision-making and delivery assurance.
- Define and maintain clear scope, outputs and success measures at each level of governance.
- Assess governance maturity and develop targeted improvement roadmaps.
- Assure the quality, consistency and fitness-for-purpose of governance artefacts and documentation.
- Build management information (MI) and decision-support frameworks for leadership visibility.
- Define, monitor and adapt key performance indicators and critical success factors.
- Adapt governance models to match delivery complexity, risk profile and organisational change pace.

WHAT CLIENTS ACHIEVE WITH P3 GOVERNANCE

- Leadership confidence in delivery success through structured governance and control.
- Proportionate governance that protects value without unnecessary overhead.
- Proactive risk management that reduces surprises and improves outcomes.
- Clear accountability and decision ownership across delivery levels.
- Evidence-based decisions taken at the right level, by the right people, with clear escalation routes.
- Alignment of stakeholders around common objectives, progress and risks.
- Reduced rework and manual reporting through governance consistency and oversight.

P3 GOVERNANCE APPROACH

We establish governance that enables confident, informed decision-making and effective delivery control across complex environments.

Our approach includes:

- Assessing current governance frameworks, maturity and decision pathways.
- Designing or refining governance models aligned to organisational objectives and risk appetite.
- Defining board structures, forums, terms of reference and escalation routes.
- Implementing management information (MI), reporting standards and performance dashboards.
- Integrating governance across PMO, portfolio and assurance functions.
- Providing independent challenge and objective support to leadership forums.

MOBILISATION & GOVERNANCE SETUP

Strong governance begins with clear scope, defined roles and decision authority.

Our approach includes:

- Defining governance purpose, scope and key decision domains.
- Establishing roles, responsibilities and escalation pathways.
- Agreeing reporting frameworks and management information (MI) requirements.
- Setting cadence for governance forums, reviews and decision checkpoints.
- Aligning stakeholders across portfolio, programme, project and assurance functions.

DELIVERY ASSURANCE & CONTROL

We ensure governance remains active, not ceremonial, safeguarding delivery integrity and executive-level visibility.

Our assurance approach includes:

- Monitoring adherence to governance standards and decision protocols.
- Assessing board effectiveness and escalation management.
- Challenging delivery transparency, data quality and performance reporting integrity.
- Identifying control gaps, red flags and unresolved risks.
- Driving corrective actions to protect delivery confidence.

CAPABILITY UPLIFT & LEADERSHIP CONTINUITY

We build governance capability that outlasts our engagement, embedding disciplined decision-making culture.

We build capability through:

- Working directly with SROs, Programme Directors and board members to embed governance discipline.
- Building internal capability in governance standards and management information (MI) production.
- Embedding reporting templates, risk frameworks and decision logs.
- Transferring ownership of governance tools and reference models.
- Establishing continual governance improvement cycles.

GOVERNANCE & DECISION OWNERSHIP

We operate at the strategic level, ensuring governance frameworks lead to effective leadership action.

We take responsibility for:

- Active participation in governance boards to support effective decision-making.
- Ensuring decisions are based on evidence, risk insight and delivery reality.
- Aligning delivery governance with strategic intent and investment priorities.
- Escalating unresolved risks with authority and clarity.
- Providing transparent, accountable leadership reporting.

WHY CONFI?

- Proven governance leadership across government portfolios and major programmes.
- Independent from delivery, focused solely on decision integrity and oversight.
- Experienced in aligning governance to recognised public sector and professional standards (OGC, APM, HM Treasury).
- Trusted in high-risk, politically sensitive and multi-supplier environments.
- Committed to strengthening internal governance capability, not dependency.
