## **P3 GOVERNANCE SERVICE OVERVIEW**

Establishing governance structures, delivery control and decision integrity across portfolios, programmes and projects.

# CORE GOVERNANCE CAPABILITIES

- Design scalable P3 governance frameworks across portfolios, programmes and projects.
- Establish proportionate control structures for risk, assurance and decision governance.
- Define clear scope, accountability, outputs and success measures across governance layers.
- Assess governance maturity and develop targeted improvement roadmaps.
- Assure the quality, consistency and effectiveness of governance artefacts and controls.
- Build management information and decision-support frameworks for leadership visibility.
- Define and monitor governance KPIs, reporting metrics and critical success factors.
- Adapt governance models to delivery complexity, organisational risk and change pace.

# WHAT CLIENTS ACHIEVE WITH P3 GOVERNANCE

- Greater leadership confidence through structured governance and delivery control.
- Proportionate governance that protects strategic value without unnecessary overhead.
- Earlier risk visibility and improved decision quality across delivery environments.
- Clear accountability, decision ownership and escalation pathways across governance layers.
- Evidence-based decisions made at the appropriate level with defined governance routes.
- Stronger stakeholder alignment around priorities, progress, risks and delivery outcomes.
- Reduced governance friction through consistent controls, reporting and oversight.

# P3 GOVERNANCE APPROACH

We establish governance structures that support confident decision-making, delivery control and executive oversight across complex delivery environments.

## **Our approach includes:**

- Assessing governance maturity, control frameworks and decision pathways.
- Designing governance models aligned to organisational objectives and risk appetite.
- Defining governance boards, forums, terms of reference and escalation structures.
- Implementing management information, reporting standards and executive dashboards.
- Integrating governance across PMO, portfolio, assurance and delivery functions.
- Providing independent challenge and governance support to leadership forums.

# MOBILISATION & GOVERNANCE SETUP

Effective governance begins with clear scope, defined accountability and structured decision authority.

## **Our approach includes:**

- Defining governance scope, objectives and key decision domains.
- Establishing governance roles, responsibilities and escalation pathways.
- Agreeing reporting standards and management information requirements.
- Establishing cadence for governance forums, reviews and decision checkpoints.
- Aligning stakeholders across portfolio, programme, project and assurance functions.

# DELIVERY ASSURANCE & CONTROL

We ensure governance remains active, effective and delivery-focused, protecting delivery integrity, executive visibility and decision confidence.

## **Our assurance approach includes:**

- Monitoring adherence to governance standards, controls and decision protocols.
- Assessing governance forum effectiveness and escalation discipline.
- Challenging delivery transparency, reporting quality and performance insight.
- Identifying governance gaps, delivery risks and unresolved control weaknesses.
- Driving corrective governance actions to protect delivery confidence and oversight integrity.

# CAPABILITY UPLIFT & LEADERSHIP CONTINUITY

We build governance capability that continues beyond the engagement, embedding disciplined decision-making and sustainable governance maturity.

## **We build capability through:**

- Working directly with SROs, Programme Directors and governance leaders to embed governance discipline.
- Building internal capability in governance standards, reporting and management information practices.
- Embedding reporting templates, risk frameworks and decision governance controls.
- Transferring ownership of governance tools, frameworks and reference models.
- Establishing continuous governance improvement and maturity practices.

# GOVERNANCE & DECISION OWNERSHIP

We operate at strategic leadership level, ensuring governance frameworks support effective decision-making, accountability and delivery control.

## **We take responsibility for:**

- Participating in governance boards to support effective executive decision-making.
- Ensuring decisions are informed by evidence, risk insight and delivery reality.
- Aligning governance structures and delivery oversight to strategic objectives and investment priorities.
- Escalating unresolved governance risks with clarity, accountability and authority.
- Providing transparent governance reporting and executive-level visibility.

# WHY CONFI?

- Proven governance leadership across complex government portfolios and major delivery programmes.
- Independent from delivery ownership, focused on governance integrity, oversight and decision confidence.
- Experienced in governance aligned to OGC, APM and HM Treasury guidance.
- Trusted across high-risk, politically sensitive and multi-supplier delivery environments.
- Committed to strengthening internal governance capability and long-term organisational maturity.
